OF IDAHO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. SIMPSON. Madam Speaker, in accordance with the policies and standards put forth by the House Appropriations Committee and the GOP Leadership, I submit a list of the congressionally-directed projects I have requested in my home state of Idaho that are contained in the report of H.R. 3170, the FY2010 Financial Services and General Government Appropriations Bill.

Project Name: Proof of Concept Center

Amount Received: \$285,000

Account: Small Business Administration Salaries and Expenses

Recipient: Idaho TechConnect Inc.

Recipient's Street Address: 5465 E. Terra Linda Way, Nampa, ID 83687

Description: Idaho TechConnect was created as a statewide private-public cooperation that would bridge the gaps in the state's innovation pipeline. The Idaho TechConnect Proof of Concept Center will manage innovations from early stage projects to the launch of a viable start-up business or to license the product or service to an existing business. The Proof of Concept Center will work with new and existing businesses as well as the state's colleges and universities and the INL to create new commercial products, goods and services. Concepts will be vetted to ensure significant and efficient marketability and commercialization. These concepts will then be relegated to teams/existing businesses to build or expand successful and profitable businesses. The Center will provide assistance with business models, intellectual property strategy, and access to capital, resulting in more ideas becoming products, creating jobs and companies. During these challenging economic times, this funding will assist businesses and public entities in their efforts to mature their innovative ideas into market-ready products and services to strengthen the economy of Idaho and the region.

Project Name: Research and Economic Development and Entrepreneurial Initiative

Amount Received: \$400,000

Account: Small Business Administration Salaries and Expenses

Recipient: Boise State University

Recipient's Street Address: 1910 University Drive, Boise, ID 83725-1135.

Description: Boise State University will establish research partnerships with business and governmental agencies to aid and assist businesses in an effort to preserve free market enterprise and to maintain and strengthen the local and regional economy. The federal funds being requested will be used to match private and public sector dollars and in-kind contributions to conduct collaborative research that spurs intellectual innovation, creates jobs, and ultimately leads to the benefit and growth of the business community. The funds will also

be used to develop the necessary infrastructure to mine, protect, and assess the commercialization potential of the intellectual property that is developed as a result of these efforts. A healthy business climate is critical to the economic strength of the state of Idaho, the region and the nation. The innovation and entrepreneurial spirit that originates from this sector will help the United States compete in today's global marketplace.

I appreciate the opportunity to provide a list of Congressionally-directed projects in the report accompanying the FY2010 Financial Services and General Government Appropriations bill on behalf of Idaho and provide an explanation of my support for them.

TRIBUTE TO NOVEMBER 21, 1979  
AND MARINE CPL. STEVEN J.  
CROWLEY

**HON. DAVE CAMP**

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. CAMP. Madam Speaker, I rise today to pay tribute to the 30-year anniversary of the attacks on the United States Embassy in Islamabad, Pakistan and to recognize the bravery and valiant acts of Marine Corporal Steven J. Crowley during these attacks.

Thirty years ago, 20-year-old Steven J. Crowley was an honorable and devoted Corporal in the United States Marines. As a guard at the U.S. Embassy, he took seriously his vow to protect and serve his country. On November 21, 1979, Corporal Crowley made the ultimate sacrifice to protecting the institution he was designated to defend as rioters invaded the building.

The details of these attacks on the United States Embassy in Islamabad, Pakistan remain haunting memories for the hostages trapped inside the building. On the 30-year anniversary of the attack, may we recognize the courage and selflessness of Corporal Steven Crowley. His heroic acts saved the lives of countless individuals held hostage. These survivors serve as models of the resilience of Americans and the determination we possess to overcome any obstacle that impedes on the freedom and liberty we are so justly guaranteed.

On behalf of the Fourth Congressional District of Michigan, I commemorate the 30th anniversary of the attacks on the United States Embassy in Islamabad, Pakistan and remember Marine Corporal Steven J. Crowley. I wish to extend my sincerest sympathies to the family, friends and loved ones of Steven on this somber occasion.

EARMARK DECLARATION

**HON. GEOFF DAVIS**

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 16, 2009*

Mr. DAVIS of Kentucky. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I secured as part of H.R. 3170, Financial Services and General Government Appropriations Act, 2010.

Requesting Member: Congressman GEOFF DAVIS

Bill Number: H.R. 3170

Account: SBA—Salaries and Expenses

Legal Name of Requesting Entity: Thomas More College

Address of Requesting Entity: 333 Thomas More Parkway, Crestview Hills, KY 41017

Description of Request: Appropriate \$100,000 for Thomas More College's Center for Regional Health Science and Health Care Management. According to the U.S. Bureau of Labor Statistics, employment opportunities in the health care field are expected to increase by more than 25 percent by 2010, creating 1.3 million jobs on a national level. Thomas More College is responding to this challenge by expanding upon current programs which address both immediate and future needs of businesses in health care and health care related fields, both at the advanced skills and at the management level. Market analysis indicates that as the number of highly skilled health care jobs increase, so will the need for specialized managers. Thomas More College is a leader in both nursing and business in the region and has a unique affiliation with St. Elizabeth Hospital Medical Center. The strong partnership serves as the basis for the Center for Regional Health Sciences and Health Care Management. FY2010 funds will be used for operating costs; laboratory materials; supplies; IT costs and support; and professional development and training. This is a valuable use of taxpayer funds because it supports workforce development in identified fields where there are insufficient trained professionals to meet the demand.
